City University of Hong Kong
2019 JUPAS Admissions Scores

For applicants who have fulfilled the minimum entrance requirements, admission scores are calculated for selection purposes.

The information contained here is based on the admission scores (with weightings applied where appropriate) of applicants who have received offers in the Main Round of the JUPAS admission exercise. Students admitted through special routes (e.g. Other Experiences and Achievements in Competitions/Activities, Principal's Nominations, Sports Talents, Disabled Applicants and Home Affairs Bureau Multi-faceted Excellence Scholarship) and non-local students are not included.

Students are reminded that score weightings and calculations may vary each year. As different weightings are used, admission scores are not comparable across programmes or admission years. The median and lower quartile scores are for reference only and should not be used to predict the likelihood of admission. The selection criteria vary each year, and many types of score are used in the selection process. In addition to public examination results, other factors (such as band choices and interview performance) may be considered.

Remark:

Total Reference Score

The **Total Reference Score** is the total score of the applicant calculated based on the programme selection principle (where level 5** = 7, level 5* = 6, level 5 = 5, level 4 = 4, level 3 = 3, level 2 = 2, level 1 = 1 for Category A subjects. For Category C: Other Language subjects, Grade A = 5, Grade B = 4, Grade C = 3, Grade D = 2, Grade E = 1).

Notes:

1. Due to the small number of JUPAS applicants admitted in the 2019 entry, admission figures of JS4111 Theology and JS4288 International Business and Chinese Enterprise are not included in order to protect the personal data privacy of individual students.

2. In the admission process, some programmes may have additional requirements (such as specifying subject requirements, assigning heavier weighting to specific subjects, etc.) which are not reflected in the **Total Reference Scores** above. For the latest admission information, please visit http://admission.cuhk.edu.hk/jupas/download.html

Please note that as admission is not based on public examination results alone, and the overall scores of students admitted to each programme vary from year to year, the information provided is for reference only, and should not be used to predict the chance of admission to any programme in subsequent years.

Selection Criteria

We adopt a holistic approach in the assessment of applicants' suitability for teacher education and other complementary discipline programmes. In selecting students for our full-time undergraduate and higher diploma programmes, we take into account their public examination results, band choices, non-academic achievements, school principal's recommendations and interview performance etc. For entry to the specific programmes like Chinese, English, Mathematics, Music, Physical Education and Visual Arts, applicants have to demonstrate a required level of competence in the subject area.

Students nominated under the JUPAS School Principal's Nominations Scheme (SPN) and the University's Undergraduate Programme Nominations Scheme / Self-Nomination Admissions Scheme will be considered favourably with good school reference reports and interview performance.

HKDSE Admission Scores

Bachelor's Degree / Higher Diploma Programmes

The HKDSE admission scores are the sum total of the level/grade values of the best five HKDSE subjects, regardless of they are core or elective subjects.

Subject levels/grades are converted into numeric values according to the following scoring system:

Category A : Senior Secondary Subjects						
Level	5**	5*	5	4	3	2	1
Score	7	6	5	4	3	2	1

Category B : Applied Learning Subjects*		
Result	Attained with Distinction (II)	Attained with Distinction / Attained with Distinction (I)	Attained
Score	4	3	0

excluding DSE Applied Learning Chinese (for NCS students)

Category C : Other Language Subjects						
Grade	A	B	C	D	E	Others
Score	7	6	5	4	3	0

It is important to note that the admission scores announced here are for reference only. The examination results and admission interview results of students admitted to each programme vary from year to year and should not be used to predict the chance of admission in future years.

Explanatory Notes on the Calculation of Average HKDSE Scores

- Starting from 2017-18, **one** of the following mechanisms is adopted for calculating the average HKDSE scores for Bachelor's Degree programmes:

  o **Any Best 5 Subjects**: The "best" 5 HKDSE subjects will be taken into account.

  o **Chinese & English Languages + Any Best 3 Subjects**: Chinese Language and English Language, plus any 3 "best" subjects will be taken into account.

  o **Any Best 6 Subjects**: The "best" 6 HKDSE subjects will be taken into account.

  o **4 Core + Best 2 Elective Subjects**: The 4 core subjects including Chinese Language, English Language, Mathematics and Liberal Studies, plus 2 "best" elective subjects will be taken into account.

- For Higher Diploma programmes, the *Chinese & English Languages + Any Best 3 Subjects* mechanism is used. The average HKDSE score point total of admittees is calculated based on their results in Chinese, English and 3 other subjects which have the best results.

When calculating the average HKDSE scores, subject weighting is not applied and HKDSE level attainments are converted to level points as follows:

  o Core and Elective Subjects (for 2019-20 and before)
    5** = 7, 5* = 6, 5 = 5, 4 = 4, 3 = 3, 2 = 2, 1 = 1 and Unclassified = 0

    Core and Elective Subjects (for 2020-21 and after)
    5** = 8.5, 5* = 7, 5 = 5.5, 4 = 4, 3 = 3, 2 = 2, 1 = 1 and Unclassified = 0

  o Applied Learning Subjects:
    Attained with Distinction (II) (accepted as Level 4 at HKDSE) = 4,
    Attained with Distinction / Attained with Distinction (I) (accepted as Level 3 at HKDSE) = 3,
    Attained = 0 (applicable to Bachelor's Degree programmes only),
    Attained (accepted as Level 2 at HKDSE) = 2 (applicable to Higher Diploma programmes only)

  o Other Languages:
    A = 5, B = 4, C = 3, D = 2, E = 1, Others = 0
