

January 29, 2024

Dear JUPAS Applicants,

Change of the Science subject requirement for the JS6963 Bachelor of Engineering Programme and the JS6937 Global Engineering and Business Programme (GEBP) for the 2024/25 intake

We write to inform you of a change in the programme entrance requirements for the Bachelor of Engineering (BEng) Programme (JS6963), and the Global Engineering and Business Programme (GEBP) (JS6937) at the University of Hong Kong (HKU) for the 2024-25 intake.

- (1) For the JS6963 BEng Programme, candidates must achieve at least,
  - a) for core subjects, Level 3 in English Language, Level 3 in Mathematics Compulsory Part, Level 3 in Chinese Language, Level 2 in Liberal Studies or an “attained” grade in Citizenship and Social Development;
  - b) for elective subjects, Level 3 in Biology OR Chemistry OR Physics OR Combined Science; and
  - c) Level 3 in any one subject or Mathematics Extended Module 1 or 2 (excluding Applied Learning) in the HKDSE examination.

Under the Common Admissions Scheme, all Year 1 BEng students will take a unified curriculum to build a strong foundation in engineering, then focus on their major disciplines in the second year of studies.

- (2) For the JS6937 Global Engineering and Business Programme, candidates must achieve at least,
  - a) for core subjects, Level 4 in English Language, Level 4 in Mathematics Compulsory Part, Level 3 in Chinese Language, Level 2 in Liberal Studies or an “attained” grade in Citizenship and Social Development;
  - b) for elective subjects, Level 3 in Biology OR Chemistry OR Physics OR Combined Science; and
  - c) Level 3 in any one subject or Mathematics Extended Module 1 or 2 (excluding Applied Learning) in the HKDSE examination.

GEBP graduates will be awarded degrees in Engineering and Business upon completing five years of studies. They can pursue career paths in Engineering and/or Business with professional recognition, or go for graduate studies / fields of research & development.

- (3) With the new science subject requirement for the BEng Programme (JS6963) and the GEBP (JS6937), programme choices may be updated for free ONCE via the JUPAS online application system (<http://www.jupas.edu.hk>) during the period specified by the JUPAS Office. Requests for change after the specified period will be charged by the JUPAS Office at an amendment fee of HK\$100 per request until the programme change deadline of the JUPAS system.

For more information regarding the new science subject requirement, please visit the programme website at <https://www.ugadmissions.engg.hku.hk/admission-requirements>, or contact the HKU Faculty of Engineering Office via [enggugad@hku.hk](mailto:enggugad@hku.hk).

Yours sincerely,  
Faculty of Engineering  
The University of Hong Kong
