

23 May 2025

Dear Applicants,

Programme Updates on BSc (Hons) in Optometry (JS3290)

We write to inform you that The Hong Kong Polytechnic University (PolyU) has recently reviewed the undergraduate curriculum and approved the discontinuation of the Bachelor of Science (Honours) in Vision Science with a Secondary Major in AI and Data Analytics and Bachelor of Science (Honours) in Vision Science with a Secondary Major in Innovation and Entrepreneurship with effect from the 2025/26 intake cohort. All admitted applicants will study for the Bachelor of Science (Honours) in Optometry [眼科視光學(榮譽)理學士] and graduate with this title once they satisfy all conditions for the award.

With the above-mentioned change, special arrangements have been made with the JUPAS Office to allow JUPAS applicants who have included JS3290 in their confirmed programme choices to revise and reprioritise their selections. For the details, please refer to the email sent by the JUPAS Office.

For more information about the Bachelor of Science (Honours) in Optometry, please refer to the website: <https://www.polyu.edu.hk/study/ug/jupas/2025/js3290>. If you have any enquiries on the above, please feel free to contact us via email ar.jupas@polyu.edu.hk. Thank you.

Yours faithfully,

Academic Registry
