As not all programmes select students on the basis of HKDSE levels / grades alone and the actual grades of the students admitted to each programme may vary from year to year (depending on the overall levels / grades achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, etc.), information in this section is for reference only, and **should not be used to predict the chance of admission** to any programme in subsequent years.

The Hong Kong Institute of Education 2012 JUPAS (HKDSE) Admissions Scores

Selection Criteria

We adopt a holistic approach in the assessment of applicants' suitability for teacher education and other non-education discipline programmes. In selecting students for our full-time undergraduate and higher diploma programmes, we take into account their public examination results, band choices, non-academic achievements, school principal's recommendations and interview performance etc. For entry to the specific programmes like Chinese, English, Liberal Studies, Mathematics, Music, Physical Education and Visual Arts, applicants have to demonstrate a required level of competence in the subject area. For example, applicants for Mathematics major should possess Level 3 or above in HKDSE Mathematics (Compulsory Part) and Level 2 or above in Module 1 or Module 2 of Mathematics (Extended Part). Likewise, some subjects (e.g. Early Childhood Education, Music and Physical Education) may give priority of admission to applicants with 'excellent' performance in admission interviews/tests, given that they meet the university minimum entry requirements.

Students nominated under the JUPAS School Principal's Nominations Scheme (SPN) and the Institute's BEd Programmes Nomination Scheme will be considered favourably with good school reference reports and interview performance.

HKDSE Admission Scores

Bachelor's Degree Programmes

The HKDSE admission scores for degree programmes are the sum total of the level/grade values of the best four core subjects (i.e. Chinese Language, English Language, Mathematics, and Liberal Studies) plus one elective subject.

Higher Diploma Programme

The HKDSE admission score for higher diploma programme is the sum total of the level/grade values of the best five subjects, including Chinese Language and English Language. A maximum of two Applied Learning (ApL) subjects will be counted.

Subject levels/grades are converted into numeric values according to the following scoring system:

New Senior Secondary (NSS) Subjects

Applied Learning (ApL) Subjects

It is important to note that the admission scores announced here are for reference only. The examination results and admission interview results of students admitted to each programme vary from year to year and should not be used to predict the chance of admission in future years.
