JUPAS takes no responsibility for the unauthorised use of any of its information. Members of the public are advised to refer to the information contained in the JUPAS and 9 JUPAS participating-institutions' websites as the official source of Admissions Scores.

The information contained here is extracted from the websites of the respective JUPAS participating-institutions.

You are advised to consult the websites of the respective JUPAS participating-institutions for further and additional information.

As not all programmes select students on the basis of HKDSE Examination levels / grades alone and the actual levels / grades of the students admitted to each programme may vary from year to year (depending on the overall levels / grades achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, etc.), information in this section is for reference only, and **should not be used to predict the chance of admission** to any programme in subsequent years.

For applicants who have fulfilled the minimum entrance requirements, admission scores are calculated for use in admission selection.

The information contained here is based on the admission scores (with weighting applied where appropriate) of offered applicants in the JUPAS main round admission exercise. Sample cases of students having the same median and lower quartile scores are presented for reference. Students admitted through special admission routes (other experiences and achievements, principal's nominations, sports talents, disabled applicants and Home Affairs Bureau Multi-Faceted Excellence Scholarship) are not included in the calculation of scores.

Students are reminded that because of the different weightings adopted, the admission scores are not comparable across programmes and different admission years. The sample cases are for reference only and should not be used to predict the chance of admission. The selection criteria vary each year, and many types of scores are used in the selection process. In addition to public examination results, other factors (such as band choices, interview performance, etc.) may also be considered.

Admissions Scores of JUPAS Entrants

The information contained here is based on the subject results achieved by the applicants at the

- study programme's mean of summation scores of 4 HKDSE core subjects plus 1 best elective subject (category A subjects) obtained by applicants admitted to respective study programmes in JUPAS Main Round; and
- median position (in the middle); and
- lower quartile position (3/4 way down)

of the JUPAS Main Round offer ranking list of each programme.

As not all programmes select students on the basis of HKDSE results alone and the actual results of the students admitted to each programme may vary from year to year (depending on the overall results achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, etc.), information in this section is for reference only, and should not be used to predict the chance of admission to any programme in subsequent years.

- JS4896 Contemporary China Studies (for Social Science stream)

The Hong Kong Institute of Education 2015 JUPAS Admissions Scores

Selection Criteria

We adopt a holistic approach in the assessment of applicants' suitability for teacher education and other complementary discipline programmes. In selecting students for our full-time undergraduate and higher diploma programmes, we take into account their public examination results, band choices, non-academic achievements, school principal's recommendations and interview performance etc. For entry to the specific programmes like Chinese, English, Mathematics, Music, Physical Education and Visual Arts, applicants have to demonstrate a required level of competence in the subject area. For example, applicants for Mathematics major should possess Level 3 or above in HKDSE Mathematics (Compulsory Part) and Level 2 or above in Module 1 or Module 2 of Mathematics (Extended Part).

Students nominated under the JUPAS School Principal's Nominations Scheme (SPN) and the Institute's Undergraduate Programme Nominations Scheme will be considered favourably with good school reference reports and interview performance.

HKDSE Admission Scores

Bachelor's Degree Programmes

The HKDSE admission scores for degree programmes are the sum total of the level/grade values of the best four core subjects (i.e. Chinese Language, English Language, Mathematics, and Liberal Studies) plus one elective subject.

Higher Diploma Programme

The HKDSE admission score for higher diploma programme is the sum total of the level/grade values of the best five subjects, including Chinese Language and English Language. A maximum of two Applied Learning subjects will be counted.

Subject levels/grades are converted into numeric values according to the following scoring system:

Category A : New Senior Secondary Subjects							
Level	5**	5*	5	4	3	2	1
Score	7	6	5	4	3	2	1

Category B : Applied Learning Subjects		
Result	Attained with distinction	Attained
Score	3	0

Category C : Other Language Subjects						
Grade	A	B	C	D	E	Others
Score	7	6	5	4	3	0

It is important to note that the admission scores announced here are for reference only. The examination results and admission interview results of students admitted to each programme vary from year to year and should not be used to predict the chance of admission in future years.

Explanatory Note on the Calculation of Average HKDSE Scores

- From 2013-14 onwards, **one** of the following mechanisms is adopted for calculating the average HKDSE scores for Bachelor's Degree programmes:
 - **4X + 1 Best Elective:** The 4 core subjects including Chinese Language, English Language, Mathematics and Liberal Studies, plus the "best" elective subject will be taken into account.
 - **Any Best 5 Subjects:** The "best" 5 HKDSE subjects will be taken into account.
 - **Chinese & English Languages + Any Best 3 Subjects:** Chinese Language and English Language, plus any 3 "best" subjects will be taken into account.
- For Higher Diploma programmes, the **Chinese & English Languages + Any Best 3 Subjects** mechanism is used. The average HKDSE score point total of admittees is calculated based on their results in Chinese, English and 3 other subjects which have the best results.

When calculating the average HKDSE scores, subject weighting is not applied and HKDSE level attainments are converted to level points as follows:

- Core and Elective Subjects
5** = 7, 5* = 6, 5 = 5, 4 = 4, 3 = 3, 2 = 2, 1 = 1 and Unclassified = 0
- Applied Learning Subjects:
Attained with Distinction (accepted as Level 3 at HKDSE) = 3,

Attained = 0 (applicable to Bachelor's Degree programmes only),

Attained (accepted as Level 2 at HKDSE) = 2 (applicable to Higher Diploma programmes only)
- Other Languages:
A = 5, B = 4, C = 3, D = 2, E = 1, Others = 0

**The Hong Kong University of Science and Technology
2015 JUPAS Admissions Scores**

For applicants fulfilling the School-specific entrance requirements, their HKDSE Scores will be calculated by school-specific subjects and weightings.

Admission figures are provided here for reference only. In reading the information, please note that the public result attainments of the students admitted to each program vary from year to year. Moreover, we consider an applicant's overall profile, on top of the HKDSE Score.

The University of Hong Kong 2015 JUPAS Admissions Scores

The following table shows the upper quartile, median, lower quartile, and lowest scores of HKDSE applicants admitted to each programme based on the calculation of (i) best 5 HKDSE subjects in Category A or Category C, and (ii) 4 core subjects and best 2 elective subjects in Category A or Category C of HKDSE respectively. The main selection principle adopted by the corresponding programme is shaded in the following table. Please note that some programmes may have additional requirements (e.g. specific subject requirements, subject weightings, etc.) in the selection process which are not reflected here.

2. The HKDSE “level/grade to score” scale is as follows:

Category A: Core and Elective Subjects								
Level	5**	5*	5	4	3	2	1	Unclassified/ Others
Score	7	6	5	4	3	2	1	0

Category C: Other Language Subjects						
Grade	A	B	C	D	E	Ungraded/ Others
Score	7	5.5	4	2.5	1	0

3. The HKDSE scores listed here are *for reference only*, and should not be used to predict the chance of admission to any programme in future years, for at least two reasons:

- (a) admission is not necessarily based on examination results alone; and
- (b) the examination results of applicants admitted to each programme vary from year to year.
