Members of the public are advised to refer to the information contained in the JUPAS and 9 JUPAS participating-institutions' websites as the official source of Admissions Scores.**

The information contained here is provided by the respective JUPAS participating-institutions and is **applicable to LOCAL JUPAS APPLICANTS** only.

**You are advised to consult the websites of the respective JUPAS participating-institutions for further and additional information.** Should there be any discrepancies between the information contained here and the websites of the respective JUPAS participating-institutions, the information contained in the latter is final.

As not all programmes select students on the basis of HKDSE Examination levels / grades alone and the actual levels / grades of the students admitted to each programme may vary from year to year (depending on the overall levels / grades achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, *etc.*), information in this section is for reference only, and **should not be used to predict the chance of admission** to any programme in subsequent years.

The admission scores shown on this webpage are applicable to **local** students only.

For applicants who have fulfilled the minimum entrance requirements, admission scores are calculated for selection purposes.

The information contained here is based on the admission scores (with weightings applied where appropriate) of applicants who have received offers in the Main Round of the JUPAS admission exercise. Students admitted through special routes (e.g. Other Experiences and Achievements in Competitions/Activities, Principal's Nominations, Sports Talents, Disabled Applicants and Home Affairs Bureau Multi-faceted Excellence Scholarship) are not included.

Students are reminded that score weightings and calculations may vary each year. As different weightings are used, admission scores are not comparable across programmes or admission years. The median and lower quartile scores are for reference only and should not be used to predict the likelihood of admission. The selection criteria vary each year, and many types of score are used in the selection process. In addition to public examination results, other factors (such as band choices and interview performance) may be considered.

## Notes:

- In the admission process, some programmes may have additional requirements (such as specifying subject requirements, assigning heavier weighting to specific subjects, etc.) which are not reflected in the **Total Reference Scores** above. For the latest admission information, please visit <http://admission.cuhk.edu.hk/jupas/download.html>
- Programmes admitting less than 5 students are excluded.
- Please note that as admission is not based on public examination results alone, and the overall scores of students admitted to each programme vary from year to year, the information provided is for reference only, and should not be used to predict the chance of admission to any programme in subsequent years.**

## The Education University of Hong Kong 2022 JUPAS Admissions Scores

### Selection Criteria

The University adopts a holistic approach in the assessment of applicants' suitability for teacher education and the multidisciplinary programmes. In selecting students for our full-time undergraduate and higher diploma programmes, we take into account their public examination results, band choices, non-academic achievements, school principal's recommendations and interview performance etc. For entry to the specific programmes like Chinese, English, Mathematics, Music, Physical Education and Visual Arts, applicants have to demonstrate a required level of competence in the subject area.

Students nominated under various [nomination schemes](#) will be considered favourably with good school reference reports and interview performance.

### Bachelor's Degree / Higher Diploma Programmes

The HKDSE admission scores are the sum total of the level/grade values of the best five HKDSE subjects, regardless of whether they are core or elective subjects.

Subject levels/grades are converted into numeric values according to the following scoring system:

Category A : Senior Secondary Subjects							
Level	5**	5*	5	4	3	2	1
Score	7	6	5	4	3	2	1

Category B : Applied Learning Subjects*			
Result	Attained with Distinction (II)	Attained with Distinction / Attained with Distinction (I)	Attained
Score	4	3	0

\*excluding DSE Applied Learning Chinese (for NCS students)

### Category C : Other Language Subjects

Grade	A	B	C	D	E	Others
Score	7	6	5	4	3	0

It is important to note that the admission scores announced here are for reference only. The examination results and admission interview results of students admitted to each programme vary from year to year and should not be used to predict the chance of admission in future years.

The information provided here is the HKDSE examination results of offered applicants in the JUPAS main round. Students admitted through non-academic achievements schemes with conditional offer are excluded. Please note that the figures provided below are for reference only since the HKDSE results of students admitted to each programme vary from year to year. Moreover, some programmes consider applicants' other profiles, as well as interview performance and/or Band choices.

### Explanatory Notes on the Calculation of Average HKDSE Scores

1. Starting from 2020/21 admissions exercise, the following set of conversion points has been adopted for calculation of HKDSE Score.

**Core and Elective Subjects:**

5\*\* = 8.5, 5\* = 7, 5 = 5.5, 4 = 4, 3 = 3, 2 = 2, 1 = 1 and Unclassified = 0

**Applied Learning Subjects:**

Attained with Distinction (II) (accepted as Level 4 at HKDSE) = 4,

Attained with Distinction / Attained with Distinction (I) (accepted as Level 3 at HKDSE) = 3,

Attained = 0

**Other Languages:**

A = 5, B = 4, C = 3, D = 2, E = 1, Others = 0

2. The average HKDSE Score **with** subject weighting is calculated based on the *Subject Level Point x Subject Weighting*.

**One** of the following mechanisms is adopted for calculating the above scores for Bachelor's Degree programmes:

- **Any Best 5 Subjects:** The "best" 5 HKDSE subjects will be taken into account.
- **Chinese & English Languages + Any Best 3 Subjects:** Chinese Language and English Language, plus any 3 "best" subjects will be taken into account.
- **Any Best 6 Subjects:** The "best" 6 HKDSE subjects will be taken into account.
- **4 Core + Best 2 Elective Subjects:** The 4 core subjects including Chinese Language, English Language, Mathematics and Liberal Studies, plus 2 "best" elective subjects will be taken into account.

**Remarks:**

The programme Bachelor of Business Administration / Bachelor of Business Administration in Accounting and Finance in 2022 is now separated into Bachelor of Business Administration (6755) and Bachelor of Business Administration in Accounting and Finance (6781) for the 2023 admissions. The scores indicated are in reference to the 2022 admissions.

## Bachelor's Degree Programme

All weighted scores are calculated based on programme-specific formulae. Some programmes may assign a heavier weighting to certain subjects based on their particular programme requirements. The weighted admission scores have taken heavier subject weighting, if any, into account.

The scores and subject weighting may vary from year to year and should only be used as a reference and do not imply chance of admissions in subsequent years.

Admission to the programme is on a competitive basis. The University considers an applicant's whole profile (such as band choices, preferred subjects and interview performance, etc), in addition to the HKDSE score. As such, satisfying the university admission requirements does not guarantee admission.

Students with Alternative Qualifications in Chinese Language (ACL) are not included in the calculation of score.

## Selection Principles

- **4C+1X:** 4 core and best 1 elective subject in Category A or Category B or Category C of HKDSE
- **Best 5:** Best 5 subjects in Category A or Category B or Category C of HKDSE

## Grade Conversion Tables

- Unless otherwise stated in the Programme-specific subject requirements, HKDSE Category B subjects (Applied Learning) with attainment at "Attained" or above; or Category C subjects (Other Languages) with attainment at grade E or above can be considered as elective subjects.
- Mathematics Extended Part (i.e. Module 1 (Calculus and Statistics) / Module 2 (Algebra and Calculus)) can be counted as an elective subject. If applicants have taken both Module 1 and Module 2, only the module with best result will be taken into consideration.
