General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2

Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS ^{Note}	2

Note: Not more than one Applied Learning subjects, excluding Applied Learning Chinese

Remarks:

(1) Applied Learning (ApL) subject (Category B) graded “Attained with Distinction / Attained with Distinction (I)/(II)” is accepted as one of the elective subjects, excluding Applied Learning Chinese. For Bachelor’s degree, not more than one ApL subject will be counted as having met the requirement of an elective subject.

(2) The Mathematics Extended Part (M1/M2) is counted as an elective subject for the purpose of meeting the University’s GERs, but cannot be used as a substitute for the Mathematics Compulsory Part. If applicants have taken both M1 and M2, only the module with the best result will be taken into consideration.

(3) Other Language subjects (Category C) will be accepted as unspecified elective subjects. The minimum requirements are listed [here](#).

(4) For non-Chinese speaking (NCS) applicants who have met the specified circumstances as announced by the Education Bureau (EDB), the University accepts the Alternative Chinese Language (ACL) qualifications, such as GCE (A-level / AS-level) (Grade E), GCE (O-Level) (Grade C), GCSE (Grade C / Grade 4), IGCSE (Grade C / Grade 4) and HKDSE ApL(C) (Attained), as equivalent to Level 3 in DSE Chinese Language for meeting the minimum Chinese Language requirements and for calculation of the related admission scores, except for programmes which require students to have possessed a good command of Chinese.

(5) The admission scores will be the sum total of the level/grade values of the best five HKDSE subjects, regardless of whether they are core or elective subjects and excluding the Citizenship and Social Development subject. Subject weightings may be adopted in the score calculation for particular programmes. Please click [here](#) for more details.

(6) For Bachelor's degree programmes, the past result(s) of HKDSE Liberal Studies (Level 2 or above) attained in 2023 or before will be recognised for meeting the Citizenship and Social Development subject requirement in the GERs and will be included in the admission score calculation as long as the result is among the best five HKDSE subjects.

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

"Combined sittings" is accepted for meeting the GERs and for the calculation of admissions scores. If an applicant has taken the HKDSE examination in a subject more than once, the best result for that subject will be counted. There is no score deduction for repeated subjects.

Programme Entrance Requirements

Same as General Entrance Requirements

Note: Satisfactory performance in an audition* is also required.

**Applicants who obtain Level 4 or above in HKDSE Music will be exempted from the audition.*

Subject weightings may be adopted in the admission score calculation for particular

JOINT UNIVERSITY PROGRAMMES ADMISSIONS SYSTEM
2025 Application for Admission
The Education University of Hong Kong - Programme Information

First Year Intake	12
Interview Arrangements	Yes (on a selective basis)
Funding Category	UGC-funded
Admissions Scores	https://www.apply.eduhk.hk/ug/jupas_scores

JUPAS Catalogue No.	JS8006
Programme Full Name	Bachelor of Social Sciences (Honours) in Psychology and Bachelor of Education (Honours) (Early Childhood Education) 心理學榮譽社會科學學士及幼兒教育榮譽學士
Programme Short Name	BSocSc(Psy)&BEEd(ECE)
Short Description	The Bachelor of Social Sciences (Honours) in Psychology and Bachelor of Education (Honours) (Early Childhood Education) co-terminal double degree programme offers an integrated educational experience in the disciplines of psychology and early childhood education. Graduates will acquire specialised knowledge and diverse skills, enhancing their career prospects. They will become professional educators equipped with substantial psychological expertise, enabling them to create inclusive and effective learning environments for young children aged zero to eight. The programme also supports further professional development in fields such as clinical psychology, counselling psychology, educational psychology, and industrial-organisational psychology, providing practical learning experiences like internships.

Programme Features

- Provides a unique and integrated *curriculum combining psychology and early childhood education*
- Focuses on integrating subject knowledge, professional expertise, and practical competencies
- Collaborates with early childhood education institutions and psychology-related organisations to reinforce theory-practice connections through field experience and industrial internships
- Presents *multiple pathways in education and psychology*, with opportunities for advanced studies in professional psychology fields such as clinical psychology, counselling psychology, educational psychology, and industrial-organisational psychology

¹ Graduates of this programme will obtain dual degrees and be eligible to apply for registration with the Education Bureau and Social Welfare Department as kindergarten teachers, child care workers, and child care supervisors in Hong Kong and meet the academic qualifications required by the Education Bureau for kindergarten principals. They will also be considered as having acquired training on the One-year In-service Course in Special Child Care Work, recognized by the Social Welfare Department. Additionally, they will be eligible to apply for membership in the Hong Kong Psychological Society, further enhancing their professional growth.

¹ *Subject to approval of relevant authorities.*

JUPAS Catalogue No.	JS8007
Programme Full Name	Bachelor of Arts (Honours) in Personal Finance and Bachelor of Education (Honours) (Business, Accounting and Financial Studies) 個人理財榮譽文學士及企業、會計與財務概論教育榮譽學士
Programme Short Name	BA(PF)&BEd(BAFS)
Short Description	The BA(PF) & BEd(BAFS) double degree programme aims to train pre-service teachers to effectively teach Business, Accounting and Financial Studies [BAFS] and Business Fundamentals [BF] in secondary schools. Students are also equipped with academic and professional competencies in personal finance and finance advisory. They will be introduced to the fundamental operations of the banking and financial sector within the global business context, and the contemporary conceptual and practical issues in investment analysis, portfolio management, budgeting and taxation, wealth management, and financial planning and counselling. The disciplinary knowledge in personal finance and finance advisory can enhance prospective teachers' competence to deliver financial education and organise student activities for promoting financial education in secondary schools. Upon the completion of the programme, graduates will be able to display competent teaching with professional conduct and ethics for quality business and financial education provision in secondary schools.

Programme Features

- Interconnects personal finance and education disciplines for *diversifying graduates' career pathways* in the ever-changing world
- Provides comprehensive understanding of theoretical and practical aspects of business, accounting, financial studies, personal finance and education
- Covers the *latest development in the global financial sector*, including fintech, investment analysis, portfolio and *wealth management for personal needs*
- Offers teaching practicum and business internship
- Equips students to become *high teaching competent business teachers* in secondary schools, and to be *innovative practitioners in the business and financial sectors*
- Graduates will obtain dual degrees and be eligible for applying as registered teachers in Hong Kong

General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2

Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS ^{Note}	2

Note: Not more than one Applied Learning subjects, excluding Applied Learning Chinese

Remarks:

(1) Applied Learning (ApL) subject (Category B) graded “Attained with Distinction / Attained with Distinction (I)/(II)” is accepted as one of the elective subjects, excluding Applied Learning Chinese. For Bachelor’s degree, not more than one ApL subject will be counted as having met the requirement of an elective subject.

(2) The Mathematics Extended Part (M1/M2) is counted as an elective subject for the purpose of meeting the University’s GERs, but cannot be used as a substitute for the Mathematics Compulsory Part. If applicants have taken both M1 and M2, only the module with the best result will be taken into consideration.

(3) Other Language subjects (Category C) will be accepted as unspecified elective subjects. The minimum requirements are listed [here](#).

(4) For non-Chinese speaking (NCS) applicants who have met the specified circumstances as announced by the Education Bureau (EDB), the University accepts the Alternative Chinese Language (ACL) qualifications, such as GCE (A-level / AS-level) (Grade E), GCE (O-Level) (Grade C), GCSE (Grade C / Grade 4), IGCSE (Grade C / Grade 4) and HKDSE ApL(C) (Attained), as equivalent to Level 3 in DSE Chinese Language for meeting the minimum Chinese Language requirements and for calculation of the related admission scores, except for programmes which require students to have possessed a good command of Chinese.

(5) The admission scores will be the sum total of the level/grade values of the best five HKDSE subjects, regardless of whether they are core or elective subjects and excluding the Citizenship and Social Development subject. Subject weightings may be adopted in the score calculation for particular programmes. Please click [here](#) for more details.

(6) For Bachelor's degree programmes, the past result(s) of HKDSE Liberal Studies (Level 2 or above) attained in 2023 or before will be recognised for meeting the Citizenship and Social Development subject requirement in the GERs and will be included in the admission score calculation as long as the result is among the best five HKDSE subjects.

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

"Combined sittings" is accepted for meeting the GERs and for the calculation of admissions scores. If an applicant has taken the HKDSE examination in a subject more than once, the best result for that subject will be counted. There is no score deduction for repeated subjects.

Programme Full Name	Bachelor of Science (Honours) in Artificial Intelligence and Educational Technology and Bachelor of Education (Honours) (Information and Communication Technology and Primary Science) 人工智能與教育科技榮譽理學士及資訊及通訊科技及小學科學教育榮譽學士
Programme Short Name	BSc(AIET)&BEEd(ICT&PSci)
Short Description	The BSc(AIET) & BEEd(ICT&PSci) cross-sectoral double degree programme aims to nurture adept and visionary educators equipped with the expertise to cater to the multifaceted educational requirements of learners. Embracing the ethos of inclusivity and community values a diverse range of intelligences within the realms of Information and Communication Technology and Primary Science education, Artificial Intelligence, and Education Technology. Through rigorous training and immersive experiences, we aim to produce professionals who can navigate and harness the transformative power of these technologies to shape the future of education.

Programme Features

- Equips students with the latest digital tools and technologies
- Emphasises the *integration of ICT in teaching and learning*
- Prepares students to teach ICT in secondary school and science in primary school settings effectively
- Trains students to *leverage AI-powered tools and techniques*
- Offers *immersive learning experiences* (e.g. internships and project-based learning)
- Aims to produce professionals who can navigate the rapidly evolving educational landscape
- Graduates will obtain dual degrees and be eligible for applying as registered teachers in Hong Kong

Programme Short Name	BSc(AIET)&BEd(PM)
Short Description	You are on your way to becoming a professional. The BSc(AIET) & BEd(PM) double degree programme opens up two career paths for you. You can be a qualified Mathematics teacher in a primary school or a competent member of a technology company. You will learn Mathematics, Pedagogy, Artificial Intelligence, and relevant technologies and be ready for an exciting career.

Programme Features

- Prepares students for a *promising educational career in teaching Primary Mathematics* with up-to-date pedagogy, teaching approaches and STEAM education
- Equips students with the latest AI and education technologies
- Emphasises the *integration of AI-powered tools and Mathematics teaching*
- Offers *immersive learning experience with teaching practices in schools and industrial internships in corporations* to gain valuable practical experience
- Aims to prepare professionals capable of meeting the growing challenges of the educational sector

Upon graduation, you will get

1. Bachelor of Education degree in Primary Mathematics
2. Bachelor of Science degree in Artificial Intelligence and Education Technology

Join us and start a meaningful and creative journey of learning for your future!

Programme Website http://www.apply.eduhk.hk/ug/programmes/scs_phm

General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2
Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS ^{Note}	2

Note: Not more than one Applied Learning subjects, excluding Applied Learning Chinese

Remarks:

(1) Applied Learning (ApL) subject (Category B) graded "Attained with Distinction / Attained with Distinction (I)/(II)" is accepted as one of the elective subjects, excluding Applied Learning Chinese. For Bachelor's degree, not more than one ApL subject will be counted as having met the requirement of an elective subject.

(2) The Mathematics Extended Part (M1/M2) is counted as an elective subject for the purpose of meeting the University's GERs, but cannot be used as a substitute for the Mathematics Compulsory Part. If applicants have taken both M1 and M2, only the module with the best result will be taken into consideration.

(3) Other Language subjects (Category C) will be accepted as unspecified elective subjects. The minimum requirements are listed [here](#).

(4) For non-Chinese speaking (NCS) applicants who have met the specified circumstances as announced by the Education Bureau (EDB), the University accepts the Alternative Chinese Language (ACL) qualifications, such as GCE (A-level / AS-level) (Grade E), GCE (O-Level) (Grade C), GCSE (Grade C / Grade 4), IGCSE (Grade C / Grade 4) and HKDSE ApL(C) (Attained), as equivalent to Level 3 in DSE Chinese Language for meeting the minimum Chinese Language requirements and for calculation of the related admission scores, except for programmes which require students to have possessed a good command of Chinese.

(5) The admission scores will be the sum total of the level/grade values of the best five HKDSE subjects, regardless of whether they are core or elective subjects and excluding the Citizenship and Social Development subject. Subject weightings may be adopted in the score calculation for particular programmes. Please click [here](#) for more details.

(6) For Bachelor's degree programmes, the past result(s) of HKDSE Liberal Studies (Level 2 or above) attained in 2023 or before will be recognised for meeting the Citizenship and Social Development subject requirement in the GERs and will be included in the admission score calculation as long as the result is among the best five HKDSE subjects.

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

"Combined sittings" is accepted for meeting the GERs and for the calculation of admissions scores. If an applicant has taken the HKDSE examination in a subject more than once, the best result for that subject will be counted. There is no score deduction for repeated subjects.

Programme Full Name	Bachelor of Social Sciences (Honours) in Psychology 心理學榮譽社會科學學士
Programme Short Name	BSocSc(Psy)
Short Description	The Bachelor of Social Sciences (Honours) in Psychology programme is designed to provide a comprehensive curriculum that meets the standards of both local and international universities. This programme features three interrelated concentrations: (1) School Psychology, (2) Health Psychology, and (3) Human Relations and Communication. These concentrations aim to enhance students' intellectual capacities and equip them with the necessary psychological knowledge and skills applicable in various professional settings. This programme prepares graduates for advanced postgraduate studies in professional psychology disciplines, such as clinical psychology, counselling psychology, educational psychology, and industrial-organizational psychology. Graduates may also pursue diverse career opportunities in business sectors, social services, and non-governmental organizations (NGOs).

Programme Features

- ***Unique areas of concentration:*** School Psychology, Health Psychology, and Human Relations and Communication
- Provides industrial and/or research internship opportunities
- 1st step towards ***a promising career as a professional psychologist or in psychology-related fields***
- International exposure and networking opportunities in the Greater Bay Area
- Qualifies graduates to apply for ***membership of the Hong Kong Psychological Society***

Short Description	<p>The BA(ESDC) programme aims to cultivate a new generation of English studies students with strong digital literacy skills through a digitally enriched curriculum. The programme provides a wide range of courses to build a solid foundation in English language, linguistics and digital literacy, consolidated by hands-on experience in using digital tools for language applications. Students will be empowered to develop digital contents for the learning and teaching of languages, to publish in digital media and to support and critically evaluate digital communication solutions. A combination of humanities and digital communication technology will allow students to further contribute to the transformation of education, media, and publishing in the digital age.</p> <ul style="list-style-type: none"> ● <i>Digitally-enriched Curriculum</i> Cultivates a new generation of English studies students with strong digital literacy skills ● <i>Practical Experience</i> Offers mandatory internship to enable students to integrate and apply in real-life settings the knowledge and skills gained in their studies ● <i>Diverse Career Prospects</i> Provides excellent job opportunities in education, media, journalism, publishing, and communication

General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2
Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS ^{Note}	2

Note: Not more than one Applied Learning subjects, excluding Applied Learning Chinese

Remarks:

(1) Applied Learning (ApL) subject (Category B) graded "Attained with Distinction / Attained with Distinction (I)/(II)" is accepted as one of the elective subjects, excluding Applied Learning Chinese. For Bachelor's degree, not more than one ApL subject will be counted as having met the requirement of an elective subject.

(2) The Mathematics Extended Part (M1/M2) is counted as an elective subject for the purpose of meeting the University's GERs, but cannot be used as a substitute for the Mathematics Compulsory Part. If applicants have taken both M1 and M2, only the module with the best result will be taken into consideration.

(3) Other Language subjects (Category C) will be accepted as unspecified elective subjects. The minimum requirements are listed [here](#).

(4) For non-Chinese speaking (NCS) applicants who have met the specified circumstances as announced by the Education Bureau (EDB), the University accepts the Alternative Chinese Language (ACL) qualifications, such as GCE (A-level / AS-level) (Grade E), GCE (O-Level) (Grade C), GCSE (Grade C / Grade 4), IGCSE (Grade C / Grade 4) and HKDSE ApL(C) (Attained), as equivalent to Level 3 in DSE Chinese Language for meeting the minimum Chinese Language requirements and for calculation of the related admission scores, except for programmes which require students to have possessed a good command of Chinese.

(5) The admission scores will be the sum total of the level/grade values of the best five HKDSE subjects, regardless of whether they are core or elective subjects and excluding the Citizenship and Social Development subject. Subject weightings may be adopted in the score calculation for particular programmes. Please click [here](#) for more details.

(6) For Bachelor's degree programmes, the past result(s) of HKDSE Liberal Studies (Level 2 or above) attained in 2023 or before will be recognised for meeting the Citizenship and Social Development subject requirement in the GERs and will be included in the admission score calculation as long as the result is among the best five HKDSE subjects.

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

"Combined sittings" is accepted for meeting the GERs and for the calculation of admissions scores. If an applicant has taken the HKDSE examination in a subject more than once, the best result for that subject will be counted. There is no score deduction for repeated subjects.

Programme Full Name	Bachelor of Arts (Honours) in Heritage Education and Arts Management 文化傳承教育與藝術管理榮譽文學士
Programme Short Name	BA(HE&AM)
Short Description	The Bachelor of Arts (Honours) in Heritage Education and Arts Management programme furnishes students with the knowledge, mindset and skills required to meet career demands in the fields of arts, cultural, heritage and museum education. It complements global and local trends of enhancing citizens' all-round development in formal and non-formal arts and cultural education. Building on the strong partnerships between The Education University of Hong Kong and heritage and arts institutes nationally, regionally and internationally, the programme is interdisciplinary, and focuses on enhancing the work-related competencies of practitioners. The programme contributes to the education process and competitiveness of Hong Kong, the Greater Bay Area and the region by encouraging the development of citizens who are culturally competent and values-inspired.

Programme Features

- *Cross-discipline curriculum* covering cultural and heritage education, museum education, arts administration and management, and technology-enhanced learning
- A practitioner-based approach focuses on building the skills necessary for careers in the arts, cultural, heritage, and museum education and management
- *Strong partnership with universities and heritage and arts institutes* nationally, regionally, and internationally
- Opportunities to meet and work with local, national and overseas academics, museum experts, arts leaders, entrepreneurs, and front-line practitioners
- *Field-study, visit and internship* in Hong Kong and the Greater Bay Area, and other Mainland cities

Programme Full Name Bachelor of Arts (Honours) in Personal Finance
個人理財榮譽文學士

Programme Short Name BA(PF)

Short Description The BA(PF) programme is the first finance undergraduate programme catering to individual and household financial needs. Distinguished from conventional finance programmes, BA(PF) emphasizes the global financial services context to develop student's skills in personalized financial advising and wealth management. The Programme covers the fundamental principles of finance and investments, such as taxation, credit management, retirement planning, estate planning, etc. Meanwhile, the BA(PF) incorporates the latest developments in the global financial services sector, including fintech, risk management, ESG investment, and green and sustainable finance.

Discipline-based, Practice-oriented

Students are expected to obtain various global and experiential learning opportunities, including financial internships, field studies, and business networking. It aims to nurture future financial talents in wealth management and financial planning. All these themes align with the talent strategies to position Hong Kong as a global hub for wealth management.

Programme Features

- The ***first finance bachelor's degree programme focuses on personal finance in Hong Kong***, aligning talent strategies to position Hong Kong as a global hub for wealth management
- ***Diversified career prospects in the finance sector***, including wealth management and family office business, financial planning, asset advising, credit analysis, etc
- Cross-disciplinary learning in financial planning and advisory, wealth management and financial communication
- ***Global and experiential learning opportunities***, financial internships, and various field studies

JUPAS Catalogue No.	JS8714
Programme Full Name	Bachelor of Science (Honours) in Artificial Intelligence and Educational Technology 人工智能與教育科技榮譽理學士
Programme Short Name	BSc(AI&EdTech)
Short Description	The BSc(AI&EdTech) programme is designed to meet the growing societal demand for professionals in artificial intelligence and educational technology, while actively responding to the continuous evolution of education and other industries in the era of digitalization and intelligence.

Programme Aims

- provide students with fundamental knowledge and skills in artificial intelligence and educational technology;
- develop students' ability in applying knowledge of artificial intelligence and educational technology appropriate to teaching and learning;
- build up students' skills in using appropriate methods of artificial intelligence and educational technology to approach and solve real-world problems in educational contexts; and
- equip students with the capacity to conduct and evaluate educational projects supported by ethical use of artificial intelligence and educational technology.

Programme Features

- **Industry-Relevant Skills**
Equips students with technical knowledge in AI, including machine learning, neural networks, natural language processing, computer vision, and data science, along with essential skills for diverse career paths
- **Interdisciplinary Focus**
Integrates AI with educational technology, preparing students for careers at the intersection of these fields
- **Hands-on Learning**
Emphasises practical experience through internships, projects, and lab work, enabling students to apply their skills in real-world settings

Graduates of this programme will be well-prepared for technical and support roles across various sectors, such as AI engineers, data scientists, software engineers, e-learning developers, educational technology specialists, and teaching assistants. Graduates can pursue roles in the IT industry, schools, educational technology companies, IT-related positions in other industries, as well as government and non-governmental organisations.

General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2
Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS ^{Note}	2

Note: Not more than one Applied Learning subjects, excluding Applied Learning Chinese

Remarks:

(1) Applied Learning (ApL) subject (Category B) graded “Attained with Distinction / Attained with Distinction (I)/(II)” is accepted as one of the elective subjects, excluding Applied Learning Chinese. For Bachelor’s degree, not more than one ApL subject will be counted as having met the requirement of an elective subject.

(2) The Mathematics Extended Part (M1/M2) is counted as an elective subject for the purpose of meeting the University’s GERs, but cannot be used as a substitute for the Mathematics Compulsory Part. If applicants have taken both M1 and M2, only the module with the best result will be taken into consideration.

(3) Other Language subjects (Category C) will be accepted as unspecified elective subjects. The minimum requirements are listed [here](#).

(4) For non-Chinese speaking (NCS) applicants who have met the specified circumstances as announced by the Education Bureau (EDB), the University accepts the Alternative Chinese Language (ACL) qualifications, such as GCE (A-level / AS-level) (Grade E), GCE (O-Level) (Grade C), GCSE (Grade C / Grade 4), IGCSE (Grade C / Grade 4) and HKDSE ApL(C) (Attained), as equivalent to Level 3 in DSE Chinese Language for meeting the minimum Chinese Language requirements and for calculation of the related admission scores, except for programmes which require students to have possessed a good command of Chinese.

(5) The admission scores will be the sum total of the level/grade values of the best five HKDSE subjects, regardless of whether they are core or elective subjects and excluding the Citizenship and Social Development subject. Subject weightings may be adopted in the score calculation for particular programmes. Please click [here](#) for more details.

(6) For Bachelor's degree programmes, the past result(s) of HKDSE Liberal Studies (Level 2 or above) attained in 2023 or before will be recognised for meeting the Citizenship and Social Development subject requirement in the GERs and will be included in the admission score calculation as long as the result is among the best five HKDSE subjects.

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

"Combined sittings" is accepted for meeting the GERs and for the calculation of admissions scores. If an applicant has taken the HKDSE examination in a subject more than once, the best result for that subject will be counted. There is no score

deduction for repeated subjects.

Programme Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	3
Elective Subject(s)	Minimum Level
ANY 1 SUBJECT	2
One of the following elective subjects:	
INFORMATION AND COMMUNICATION TECHNOLOGY ^{Note}	2
BIOLOGY or CHEMISTRY or PHYSICS or MATHEMATICS EXTENDED MODULE 1 OR 2 ^{Note}	2

Note: Priority consideration will be given to applicants who have taken more than one of the above listed elective subjects.

Subject weightings may be adopted in the admission score calculation for particular programmes. Please click [here](#) for more information.

JUPAS Catalogue No.	JS8726
Programme Full Name	Bachelor of Science (Honours) in Sports Science and Coaching 運動科學及教練榮譽理學士
Programme Short Name	BSc(SPSC)
Short Description	<p>The BSc(SPSC) programme transforms students into professionals in sports coaching or sports technology through the following iconic features:</p> <ol style="list-style-type: none"> i. Transforming students into <i>sports coaching or sports technology professionals</i> with solid theoretical knowledge through a comprehensive and in-depth programme curriculum; ii. <i>Diversified and professional in-class and out-class learning activities</i> help students bridge the theory into practice and understand the Hong Kong sports policy and the development of the sports industry to meet urgent social and industry needs; iii. The <i>internship training opportunities in Hong Kong, the Greater Bay Area, and overseas sports organisations</i> will provide an excellent chance for students to have a dialogue with sports leaders, build connections, enrich knowledge and skills, and lay a foundation for their future careers; iv. Integration of the subject knowledge of sports science, coaching, technology, and life education provides comprehensive training, leading to a wide range of career paths; and v. Teaching cutting-edge knowledge by a professional team with leading roles in sports and life education allows students to keep ahead of peers and seize opportunities, striving for success and excellence in the academic field(s) and workplace.

Students who are admitted to the programme through Year 1 admissions will be eligible to select one of the two strands, namely **Sports Coaching**, or **Digital Technology and Sports**, in their Years 3 and 4 studies.

JUPAS Catalogue No.	JS8727
Programme Full Name	Bachelor of Science (Honours) in Speech Pathology and Rehabilitation 言語病理學及復康榮譽理學士
Programme Short Name	BSc(SPR)
Short Description	The Bachelor of Science (Honours) in Speech Pathology and Rehabilitation programme offers an innovative interdisciplinary approach to professional training in speech pathology, also known as speech therapy. This programme goes beyond traditional discipline-specific knowledge by integrating essential skills and insights from various fields to meet the evolving needs of healthcare professionals. Students will benefit from an integrated minor in Psychology and Well-being, providing a comprehensive understanding of related fields. Practical experience is enhanced through practicum courses and internships in real-world settings. The programme also focuses on interprofessional mentoring, entrepreneurial activities, and global engagement to promote collaboration, innovation, and global perspectives.

Programme Features

- A *pioneering undergraduate programme* integrating speech pathology, rehabilitation, and psychology
- Incorporates *an integrated minor in Psychology and Well-being* to comprehend psychological needs and development across various life stages
- Prepares graduates for *speech therapy careers[#] in Hong Kong and the Greater Bay Area*, addressing the increasing demand for disability rehabilitation services
- Provides *extensive clinical and community placements*, supervised by qualified speech-language pathologists, developing practical skills in diverse service environments
- Builds upon our successful MSc in Educational Speech-Language Pathology and Learning Disabilities which is accredited by the Hong Kong Institute of Speech Therapists

[#]This programme is specially designed to meet the Hong Kong Institute of Speech Therapists (HKIST) accreditation requirements. After the programme is accredited, graduates will be eligible to apply for registration as Accredited Speech Therapists under the Health Bureau, HKSAR. Graduates practicing speech therapy outside Hong Kong must comply with local regulations.
